Mac OSX

Professional Experience

Web Designer

SEO Technologies

Houston, Texas | Feb. 2010 – Present

My time at SEO Technologies is spent engaged in a combination of website design, graphic design and content writing for clients based on their needs and vision.

- Website development utilizing Dreamweaver, Photoshop and DotNetNuke.
- Content writing and topic research to build and flesh out web pages.
- Client interactions to discuss needs, wants and solutions.

Webmaster Assistant

The Methodist Hospital System

Houston, Texas | Sept. 2008 – July 2009

While employed by Methodist I was successfully tasked with creating numerous sub sites for various departments of the hospital ranging from transplant to physician/patient relations.

- Website development utilizing Dreamweaver, Photoshop, FTP and BroadVision
- Interaction with physicians and department heads to discuss needs for their sub sites.

Web and Database Content Developer

Affordable Tours

Stafford, Texas | Aug. 2007 – Jan. 2008

My position with Affordable Tours began as a content developer and quickly expanded into web and graphic work once my supervisors learned of my skills. While there I was part of the team that launched the massive, new Resorts section of the Affordable Tours website.

- Web and Graphic Design utilizing Dreamweaver, Flash, Photoshop, ImageReady and their proprietary CMS.
- Content development to build out pages for the purpose of launching the brand new resorts section of the website.

Graphic Artist

Technical Response Planning Corp.

Houston, Texas | Jan. 2007 – Jan. 2007

While contracted by TRPC I worked exclusively with Photoshop and CorelDraw to develop graphics and vector-based maps needed for their services.

- Graphic design work with Photoshop and CorelDraw.
- Vector-based map development to plot out damage calculations.

Graphic Artist/Animator

Stage Directions

Houston, Texas | Sept. 2006 – Dec. 2006

My time spent as a Graphic Artist intern exposed me, for the first time, to the real world of multimedia. I spent my time at Stage Directions developing my skills in web design, video editing and graphic design.

- Web and Graphic work with Dreamweaver, Photoshop, After Effects and Flash.
- On-site equipment set up for photo and video shoots.
- Live web cast video shooting.
